EXPERIENCE

LearningFuze Web Development Training
Irvine, CA
June 2015 - Present
- Completed intensive 12 week full immersion web development bootcamp which required 12 hours per day during the week and 8 hours per day during the weekends of coding which represents more than 890 hours of web development training.
- Garnered skills and real-world workplace knowledge in a project oriented environment modeled after those found in development companies.
- Selected to present at LearningFuze's Summer Demo Day at the Eureka Building in Irvine.
- Winner of Crash Test Dummies LearningFuze Hackathon Cohort 5
- Trained to use GitHub with git version control and collaboration tools in an agile development environment.
- Graduated as a Gold Level Junior Developer.
- Code reviewer for succeeding cohorts.
- Final project required students to use knowledge acquired over the course to build a web application that solved a problem of the students choosing.
- See final project here: http://nestegg.howard-chen.com/
